FORMS DEMO

Fill it in, right on the page.

A demo form for EmbedPDF. Every box in it is a field: type in it, tick it, or pick from it. What you enter is saved into the PDF.

EVERY KIND OF FIELD

text

Type →

Text boxes for a name, an email, a company.

radio · listbox

Pick →

One plan from two, or any topics from a list.

signature

Sign →

An invoice that adds itself up, then a signature.

CONTENTS

02 **Sign up** Text boxes, a dropdown, checkboxes. Page 2 →

03 **Your plan** Radio buttons and a list. Page 3 →

04 **Invoice** A total that adds up, and a signature. Page 4 →

05 **Your turn** An empty page for the fields you add. Page 5 →

STEP 1 OF 3

Sign up for updates.

Click a box and start typing. Fields marked * are required.

Full name * `name · text`

Email * `email · text`

Company `company · text`

Framework `framework · combobox`

React, Vue, Svelte or Angular.

- [ ] Send me product updates, about once a month. `updates · checkbox`
- [ ] I agree to the terms. * `terms · checkbox`

Tab to the next field.

Enter confirms a text box. Escape puts back what it had.

STEP 2 OF 3

Pick your plan.

Radio buttons take one answer. A list can take several.

BILLING

plan · radio

Monthly
Pay as you go. Stop any time.
`'monthly'`

Yearly
One payment, two months free.
`'yearly'`

TOPICS YOU CARE ABOUT

topics · listbox

Forms
Annotations
Signatures

Forms, Annotations and Signatures. Pick as many as you like.

Hold Ctrl, or Cmd on a Mac, to pick more than one.

OR FILL IT IN FROM CODE

```
form.setValue(plan, { value: 'yearly' })
form.setValue(topics, { selectedValues: ['Forms', 'Signatures'] })
```

STEP 3 OF 3

An invoice that adds up.

Change a quantity and the amounts and total update as you type. Then sign.

Bill to * `billing.name`

Country `billing.country`

ITEM	QTY	PRICE	AMOUNT
Pro license		$290.00	
Priority support		$120.00	
Onboarding session		$80.00	
Total `invoice.total`			

Signature * `approval · signature`

Date `date · text`

DD/MM/YYYY. Any other format is refused.

YOUR TURN

Build your own form.

This page is empty on purpose. Add text boxes, checkboxes, lists and signature fields to it.

+

Room for your fields.

Pick a kind of field, then draw its box anywhere here.
